

# Meeting Minutes

**Course:** Honours Engineering Research Project (Leaky Tank Mystery)

**Minutes Documented By:** Michael Stefani

**Meeting No:** 5

**Date of Meeting:** 10/05/2024

**Location:** Remote/Online

**Time:** 12:00 pm

## 1. Attendees

<i>Present</i>	<i>Apologies</i>	<i>Absent</i>
Eric Tsoukatos (ET)	Prof Derek Abbot	Lachlan Mann (LM)
Michael Stefani (MS)		

## 2. Previous meetings corrections

- ET and MS were the only group members present for the initial meeting with the technical resource team
- MS to prepare a set of computers at university for the group members to utilise COMSOL

## 3. Meeting Notes, Questions, Decisions, Issues

- **Obtaining COMSOL**
- MS contacted IT department again and was told to submit alternative form to request access to COMSOL
- All members must complete induction before being granted access to use a University computer with COMSOL
- **Finalising Progress Report draft**
- All members to work on their assigned sections in order to be prepared to submit the draft by the submission date
- **Issues**
- MS and ET have been unable to get in contact with LM regarding the progress report, noting that communication levels must be improved
-
